

Credit Union Current Account

Dear Member,

Please find enclosed your new Visa debit card from your trusted credit union.

Obtain your PIN

To obtain your PIN for use with this card, text PIN followed by your date of birth and the last four digits of your debit card number to **51155**.

Example: PIN DDMMYYYY XXXX (ALL UPPERCASE LETTERS, with spaces as indicated above). You will receive your new PIN by SMS within a few minutes.

Key points to note regarding your PIN:

- Never tell anyone your PIN.
- Never write your PIN down or store it electronically.
- Remember to delete the PIN SMS immediately.

Your Pin

You will require a new Personal Identification Number (PIN) for your Visa Debit card.

Please follow the detailed steps opposite, on how to "Obtain your PIN".

What to do next:

- ✓ Sign your card immediately.
- ✓ Obtain your PIN using the steps above.
- ✓ Create your Online Shopping Password (see overleaf).
- ✓ Complete a PIN transaction at an ATM or in a retailer to activate your card.
- ✓ Once your physical card is activated, you can enable Contactless.

How to Contact Us:

- Visit: www.currentaccount.ie
- Contact your credit union
- By Phone: +353 (1) 693 3333

For more information on your debit card including Fees and Charges and Terms and Conditions visit www.currentaccount.ie

Create your online shopping PASSWORD

Strong Customer Authentication (or SCA) gives greater security when shopping online. Instead of being asked for one identification method like a one time code, SCA provides more protection as it uses two methods of identification to confirm it's you.

When shopping online using your Visa debit card, you may be asked to enter a password you created along with a one time passcode sent to your phone. This extra check helps us to verify your identity and better protects you from fraud.

What you need to do:

To create your online shopping password for use with this card, text **PASSWORD** followed by your date of birth and last four digits of your Visa debit card number to **51155**.

Example: PASSWORD DDMMYYYY XXXX (ALL UPPERCASE LETTERS, with spaces as indicated above).

Then simply follow the instructions for creating your password.

Example: Create a strong memorable password using a minimum of 8 characters and maximum of 16, and containing at least 1 lower case + 1 upper case + 1 number + 1 special character (~! @\$%^&*()-_+={}[]\;:"<>./?).

If you are asked for your password when shopping online and cannot remember it, don't worry, you will have the option to click on 'Forgot Password' and reset a new password so that you can complete your payment.

Your online shopping secured with Visa

Visa Secure makes it even safer for you to shop online. Visa has developed a program that helps confirm your identity when you make an online purchase. It's a free service that protects your debit card against unauthorised use online. You do not need to register to use Visa.

A safer, contactless way to pay

Use Apple Pay, Google Pay™ and Google Wallet™ to make contactless payments wherever you see the contactless payment mark. Available now with your Current Account debit card from your Credit Union!

To add your card, open the Apple Pay or Google Pay app and follow the instructions.

If you require any additional information or guidance with the above, visit your Credit Union website or call Card Services on 01 6933 333.
